

## **Bernice Initial Build Notes**

Creative Director: Audrey Brown

Designer: Bernice Mai

### General Feedback:

- Could make navbar skinnier, idea to drop dropdown idea and just display page names (would help reduce empty space on navbar)
  - If dropping dropdown idea, would want page titles to be on same line as TEXAS HOLD'EM and just a bit smaller font
- Space between Source:Wikipedia, also might want to link the Wiki article
- Could use copyright symbol on footer and no @ sign
- Some images not showing through (e.g., Betting Structure)
- Make play of hands page title just Play of Hands? Or just shorten from current title
  - Reduce size of image on page
- Hand Value page looks great, could reduce subhead font size
- Overall, great progress :)
